

**WITH LH SYSTEMS IT IS QUITE POSSIBLE OUR TICKET WILL TRAVEL FURTHER THAN YOU...**

**WITH ID90T IT'S ALL ABOUT GETTING FROM POINT A TO POINT B  
WE BYPASS THE GDS AND THEIR FEES AND GO DIRECT**

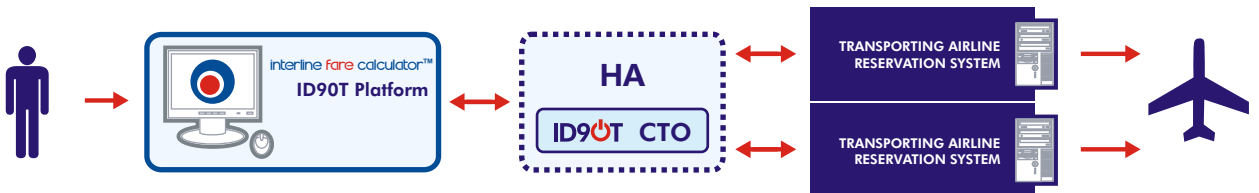

**OTHER AIRLINE EMPLOYEES TRAVELING ON HAWAIIAN**

- No need for Interline e-ticketing Agreements, as the transporting airline is ticketing
- Pass Travel Agreement still needed
- No GDS or Billing Settlement Fees

**HAWAIIAN EMPLOYEES TRAVELING ON OTHER AIRLINES**

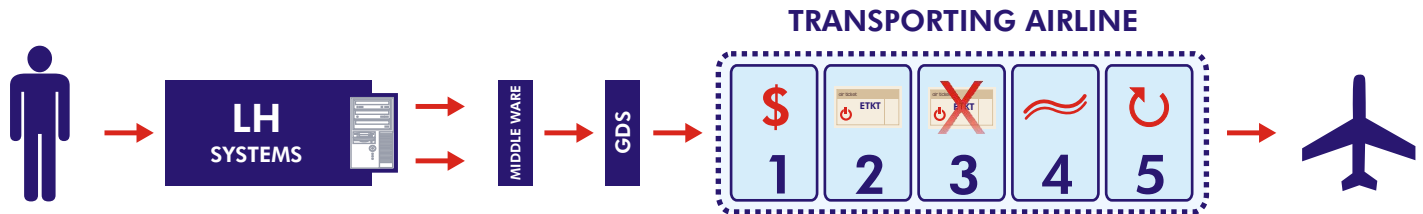

- An Interline e-ticket Agreement would be needed between each airline
- No GDS Fees
- Billing Settlement through Clearing House

**ANY EMPLOYEE ELIGIBLE FOR TRAVEL ON TRANSPORTING AIRLINES**

- Only one Interline e-ticket Agreement is needed with 302
- No GDS Fees
- Billing Settlement through the Clearing House

## 1. ACCEPTING PAYMENT

- Do you have an automated internal system that can collect payment ?
- Can you accept regional Visa and MasterCard?
- What if the traveling employee doesn't have a credit card? Other payment methods?
- Is your airline willing to absorb the Merchant Fees for accepting credit cards (2.5% or higher)?

## 2. TICKET FULFILLMENT

- Do you have an automated internal system that will fulfill the increased number of ticket requests?

## 3. DON'T OFFER E-TICKETS OR PAPERLESS TRAVEL

- If you will issue paper tickets, how will you deliver these tickets to the employee? Cost?
- If you allow employees to pick-up tickets at the counter, are your ticket agents ready and available?

## 4. FLEXIBILITY

- If your employee's plans change how quickly can they get a new ticket?
- Will employees need to purchase back-up tickets?
- Will all changes require a refund or can the employee store a credit?

## 5. REFUNDS

- Do you have an automated internal system that will fulfill all refund requests?
- Will all airlines issue partial refunds? If not, how confusing and frustrating is this for employees?
- Is your airline prepared to absorb the cost of merchant fees and then the cost of refund without ever transporting the employee?
